## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Wayne County Industrial Development Agency  
Lyons, New York

### Report on the Financial Statements

We have audited the accompanying financial statements of Wayne County Industrial Development Agency as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wayne County Industrial Development Agency as of December 31, 2015, and the changes in its financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Change in Accounting Principle*

As discussed in Note 1 to the financial statements, during the year ended December 31, 2015, the Wayne County Industrial Development Agency adopted the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - An Amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contribution Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68*. Our opinion is not modified with respect to these matters.

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8, schedule of the agency's proportionate share of the net pension liability on page 22, and the schedule of employer's contributions on page 23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Agency's basic financial statements. The supplemental schedules of Revolving Loan Funds on pages 24 to 25 and the schedule of Project Information on pages 26 to 28 are presented for purpose of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules of Revolving Loan Funds and the schedule of Project Information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules of Revolving Loan Funds and the schedule of Project Information are fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2016, on our consideration of Wayne County Industrial Development Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wayne County Industrial Development Agency's internal control over financial reporting and compliance.

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**  
**Management's Discussion and Analysis**  
**For the Year Ended December 31, 2015**

---

As management of the Wayne County Industrial Development Agency (the "Agency") we offer readers of the Agency's financial statements this narrative overview and analysis of the financial activities of the Agency for the year ended December 31, 2015. This narrative should be read in conjunction with the Agency's audited financial statements.

### **Financial Highlights**

- The assets of the Agency exceed its liabilities (net position) at December 31, 2015 by \$4,549,670. Of this amount, \$584,382 is *unrestricted net position*, meaning that these amounts are available for use in furthering the Agency's mission.
- The Agency's liquidity remains strong with \$678,865 in unrestricted cash after a \$55,966 decrease in that balance due to cash used for operations.
- A decrease in loan demand together with regularly scheduled repayments resulted in a decrease of \$291,838 or 14.9% in loans receivable, net of the allowance.

### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the Agency's basic financial statements. This report includes the independent auditors' report, financial statements, notes to financial statements, and other supplemental information that will enhance the reader's understanding of the financial condition of the Agency.

**Required Financial Statements** - The financial statements are prepared using the accrual basis of accounting. The financial statements include:

- **Statement of Net Position** - Presents all assets, liabilities and net position of the Agency at December 31, 2015. The statement provides information about the amounts and investments in resources (assets) and the obligations to creditors (liabilities).
- **Statement of Activities** - Presents the financial activity for the year ended December 31, 2015 and displays how this activity changed the Agency's net position. The statement provides information on the Agency's operations and can be used to determine if the Agency has recovered all of its costs through grants, user fees and other charges.
- **Statement of Cash Flows** - Presents the cash provided and used in operations, investments and financing activities during 2015 and how it affects the cash balance at December 31, 2015.
- **Notes to Financial Statements** - Provide information regarding the Agency and explain in more detail information included in the financial statements.

### **Financial Analysis**

The Agency provides financial incentives and technical assistance to businesses moving to or expanding in Wayne County where job and capital creation will help improve the economic climate of the County. The Agency's net position may serve over time as a useful indicator of its financial position. In the case of the Agency, assets and deferred outflows exceeded liabilities by \$4,549,670 and \$4,498,138 at December 31, 2015 and 2014, respectively.

Significant changes in the statement of net position from 2014 to 2015 include:

- Cash decreased due to cash used for operations.
- Restricted cash increased and loans receivable decreased as principal repayments received exceeded advances for new loans.
- Amounts due to other governments represent the balance of planning services funding received, but not spent by year end.

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**  
**Management's Discussion and Analysis**  
**For the Year Ended December 31, 2015**

- The Agency's largest asset is its loan portfolio. Management assesses the quality of the loans on an ongoing basis. As a result, provisions are made for impaired loans as needed. At December 31, 2015 and 2014, based on management's evaluation, the loan loss reserve was adequate to cover projected loan losses.
- Deferred outflows of resources and net pension liability represent the implementation of GASB 68.

---

Significant changes in the statement of revenues and expenses from 2014 to 2015 include:

- The County of Wayne has engaged the Agency to foster and encourage the location and/or expansion of manufacturing and industrial companies in the County. For this activity the County appropriated \$173,400 to the Agency for contractual services in 2015 and 2014. The County has also appropriated funding to the Agency for business retention and attraction projects in the amount of \$174,062 for 2015 and \$202,802 for 2014, a decrease of \$28,740 or 14.2%. In 2014 the contract with the County for services was amended to include an appropriation of \$141,780 for planning services provided by County employees. \$133,863 was advanced for this purpose in 2015.
- Overall, revenues decreased primarily due to the decrease in the agency fees charged for projects and the decrease of planning services income of \$28,740.
- Other income increased reflecting the recovery of previous loan losses.
- Personnel costs decreased due to the reduction in retirement costs.
- Program expenses in 2015 decreased due to a reduction in the requests for funding for infrastructure and capacity building during the year.
- Contractual expenses increased reflecting a general increase in operating expenses.
- There was no provision for loan loss in both 2015 and 2014 based on management's continuing analysis of the quality of the loan portfolios in light of changing economic conditions.
- Other expenses decreased primarily due to a reduction in funds provided to an affiliate under a program to receive grants of Community Development Block Grant (CDGB) assets to be used to capitalize and implement an Economic Development Loan Fund and to undertake other CDBG eligible community and economic development activities that will provide benefits to Wayne County and its residents.
- Change in accounting principle reflects the long term obligation for pension benefits as required by GASB 68.

**Management's Discussion and Analysis**  
**For the Year Ended December 31, 2015**

Another important factor in the consideration of fiscal condition is the Agency's cash position and statement of cash flows. A condensed version of the Agency's statements of cash flows - operating fund follows:

**Table 3**  
**Condensed Statements of Cash Flows - Operating Fund**  
**(In thousands of dollars)**

	<u>2015</u>	<u>2014</u>	<u>2013</u>
<b>Cash Flows from Operating Activities</b>			
Receipts from providing services	\$ 473.0	\$ 510.9	\$ 405.3
Payments to suppliers	(384.0)	(361.0)	(523.2)
Payments to employees	(182.0)	(216.6)	(317.3)
Other operating revenue	42.4	349.0	220.9
Net cash flows from operating activities	<u>(50.6)</u>	<u>282.3</u>	<u>(214.3)</u>
<b>Cash Flows from Capital and Related Financing Activities</b>			
Purchases of property and equipment	<u>(6.0)</u>	<u>-</u>	<u>-</u>
<b>Cash Flows from Investing Activities</b>			
Investment income	1.1	.6	1.1

Net cash flows from investing activities	<u>.5</u>	<u>.5</u>	<u>79.0</u>
<b>Net Change in Cash and Cash Equivalents</b>	(56.1)	282.8	(135.3)
<b>Cash and Cash Equivalents - Beginning</b>	<u>657.4</u>	<u>374.6</u>	<u>509.9</u>
<b>Cash and Cash Equivalents - Ending</b>	<u>\$ 601.3</u>	<u>\$ 657.4</u>	<u>\$ 374.6</u>

Significant changes in the statement of cash flows include:

- Receipts from providing services decreased as a result of a small reduction in grant income.
- Payments to suppliers increased as a result of a general increase in operating costs.
- Payments to employees decreased reflecting the reduction in retirement costs.
- Other operating revenue decreased due to the decrease in agency fees collected.
- Purchase of property and equipment is for website redesign.
- Change in certificates of deposits is due to more investment or redemption of certificates of deposit from year to year.

**Capital Assets**

The Agency's major capital asset is approximately forty-two acres of land that was purchased in 2008 for \$400,238 in order to expand the Agency's Industrial Sustainability Park.

**Long-Term Debt**

The Agency has entered into conduit financing agreements with one company with a total of \$5,060,000 in bonds outstanding at the end of 2015. These transactions are not recorded on the Agency's financial statements but are disclosed in the notes to the financial statements.

**Economic and Other Factors**

The Corporation was formed to promote Wayne County using appropriate resources to help create and retain jobs by attracting new businesses and through expansion of existing businesses. In 2015, New York State's Upstate Revitalization Initiative (URI) awarded \$500 million to the Finger Lakes Region which will provided the area with an opportunity to advance transformational initiatives throughout the region and advance targeted initiatives which include projects throughout Wayne County in advanced manufacturing, innovation and R&D, downtown development, agriculture, and tourism

**Note 1. Summary of Significant Accounting Policies and Nature of Organization**

**Nature of Organization** - Wayne County Industrial Development Agency (WCIDA) of Lyons, New York is a nonprofit public benefit corporation which was established May 22, 1969, under the mandate of Article 18-A, "New York State Industrial Development Agency Act" of New York State general municipal law. The purpose of WCIDA is to advance the job opportunities, health, general propensity and economic welfare of the people of Wayne County, New York (the County) and improve their recreation opportunities and standard of living. WCIDA is considered a related organization of the County of Wayne, New York.

WCIDA meets this purpose by providing conduit financing through the issuance of tax exempt or taxable obligations, financing projects through the use of revolving loans that are normally secured by a mortgage or lien on the property, and by use of payments in lieu of taxes (PILOT) programs which allow for the full or partial exemption from real property, sales and mortgage taxes.

**Basis of Accounting** - The Agency complies with the provisions of GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This statement codifies all sources of accounting principles generally accepted in the United States of America into the GASB's authoritative literature.

The accounts of the Agency are maintained on the accrual basis of accounting. Proprietary funds are used to account for activities that are similar to those often found in the private sector. The measurement focus is on the determination of operating income, financial position, changes in net position and cash flows. Operating revenues include charges for services. Operating expenses include costs of services as well as, materials, contracts, personnel, and depreciation.

**Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Basis of Presentation** - The Agency complies with the provisions of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and Statement No. 65, *Items Previously Reported as Assets and Liabilities*. These statements provide guidance on presenting deferred outflows, deferred inflows and net position. Net position represents assets and deferred outflows of resources less liabilities and deferred inflows of resources. GASB requires the classification of net position into three classifications defined as follows:

Net investment in capital assets - This component of net position consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.

Restricted net position - This component of net position is considered restricted if its use is constrained to a particular purpose. Restrictions are imposed by federal or state laws or external organizations. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets. At December 31, 2015, the Agency had \$3,553,980 in restricted net position.

Unrestricted net position - This component of net position consists of all other net position that does not meet the definition of the above two components and is available for general use by the Agency.

**Cash and Cash Equivalents** - For the purposes of the statement of financial position and statement of cash flows, cash and cash equivalents include deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**  
**Notes to Financial Statements**

---

**Investment Policy** - WCIDA has a formal investment policy approved by the Board of Directors that defines permitted investments and establishes collateralization requirements for all investments. See Note 2 for further information regarding the Agency's investment policy.

**Restricted Cash** - This account is used to record cash transactions and to show cash balances restricted for use as part of the WCIDA revolving loan funds.

**Restricted Certificate of Deposit** - WCIDA has elected not to participate in the New York State Unemployment Insurance program and has established a restricted certificate of deposit for the purpose of funding unemployment claims, if any.

**Property and Equipment** - Property and equipment is stated at the lower of cost or fair market value at the date of donation or the date of purchase, less accumulated depreciation. Routine maintenance and repairs are charged to operations as they are incurred. Expenditures in excess of \$1,000 which extend the useful life of an asset are capitalized. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are eliminated and the resulting gain or loss, if any, is included in operations. Depreciation is computed using the straight-line method over the following estimated useful lives.

Equipment

5 - 7 Years

**Allowance for Loan Losses** - The allowance for loan losses consists of the provision for loan losses charged to operations based upon management's evaluation of the loan portfolio considering such factors as historical loan experience, review of specific loans, current economic conditions and such other factors as management considers appropriate to estimate loan losses. Loan losses and the recovery of loans previously charged off are charged or credited to the allowance as incurred or realized, respectively. The allowance for loan losses is maintained at a level believed by management to be adequate to provide for the inherent risk of loss in the current loan portfolio. While management uses available information to recognize losses on loans, future additions to the allowance may be necessary based on changes in economic conditions.

**Conduit Financing** - One of the activities of WCIDA is to provide low-cost financing, through the issuance of tax exempt or taxable obligations, for commercial enterprises. In the normal arrangement WCIDA retains title to the property, equipment, or improvement and enters into a lease or mortgage agreement with the benefited enterprise. Lease or mortgage payments are structured to coincide with debt service payments. Proceeds of obligations as well as debt service payments are administered by the benefited enterprise through a trustee bank. The obligations are not obligations of WCIDA; the primary function of WCIDA is to arrange financing between borrowing companies and the bond note holders. Consequently in these conduit financing arrangements WCIDA does not record bond proceeds, the assets acquired, liabilities incurred or debt service payments in the financial statements.

**Due to Other Government** - Due to other government consisted of amounts due to Wayne County for planning services.

**Contract Advances** - Contract advances are stated at the amount specified in the contract agreements.

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**

**Accounting and Financial Reporting for Pensions** - In the fiscal year ended December 31, 2015, the Agency implemented GASB Statement No. 68 *Accounting and Financial Reporting for Pensions – An Amendment to GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68*. The primary objective of the Statements is to improve accounting and financial reporting by state and local governments for pensions. The implementation of the Statements requires the Agency to report as a liability its portion of the collective pension liability in the New York State and Local Employees' Retirement System. The implementation of the Statements also requires the Agency to report a deferred outflow and/or inflow for the effect of the net change in the Agency's proportion of the collective net pension liability and difference during the measurement period between the Agency's contributions and its proportion share of total contributions to the pension systems not included in pension expense. Also included as a deferred outflow is the Agency contributions to the pension system subsequent to the measurement date. See Note 8 for the financial statement impact of implementation of the Statements.

**Deferred Outflows of Resources** - In addition to assets, the statements of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has two items that qualify for reporting in this category. The first item is related to pensions reported in the statements of net position. This represents the effect of the net change in the Agency's proportion of the collective net pension liability and difference during the measurement period between the Agency's contributions and its proportion share of total contributions to the pension system not included in pension expense. Second is the Agency contributions to the pension system subsequent to the measurement date.

**Future Changes in Accounting Standards**

The GASB has issued Statement No. 77, *Tax Abatement Disclosures*. Effective for periods beginning after December 15, 2015.

The GASB has issued Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*. Effective for periods beginning after June 15, 2016.

The Agency will evaluate the impact each of these pronouncements may have on its financial statements and will implement them as applicable and when material.

**Note 2. Deposit and Investments**

The Agency has a formal investment policy which is in compliance with the laws of the State of New York, Chapter 838, Title 7, Section 2925. The Agency is permitted to invest funds in the following types of investments: special time deposit accounts, certificates of deposit, obligations of the United States of America, obligations guaranteed by agencies of the United States of America where payment of principal and interest are guaranteed by the United States of America and obligations of the State of New York. All deposits of the Agency are required to be collateralized. The Agency may contract for the purchase of investments through the following: directly, including through a repurchase agreement, from an authorized trading partner, by participation in a cooperative investment program with another authorized governmental entity or by utilizing an ongoing investment program with an authorized trading partner pursuant to a contract authorized by the governing board. It is the policy of the Agency to diversify its deposits and investments by financial institution, by investment instrument and by maturity scheduling. The Agency maintains a listing of financial institutions and dealers approved for investment purposes. The Agency also establishes appropriate limits to the amount of investments which can be made with each financial institution or dealer. The Agency maintains proper books and records supporting all investment and deposit accounts held by the Agency.

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**  
**Notes to Financial Statements**

---

As of December 31, 2015, WCIDA had certificates of deposit held at banks as follows:

**Unrestricted**

A six month certificate of deposit at Savannah Bank with interest at .25% maturing on April 20, 2016. \$ 77,608

**Restricted**

A twelve month certificate of deposit at Lyons National Bank with interest at .75% maturing on February 20, 2018. Use of funds is restricted to unemployment insurance claims. \$ 28,919

The certificates of deposit are fully collateralized as of December 31, 2015.

The Agency's investment policies are governed by state law. Collateral is required for demand deposits, certificates of deposit, and repurchase agreements not covered by federal deposit insurance. Obligations which may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

The amounts on deposit in banking institutions and the related collateral as of December 31, 2015 excluding certificates of deposit are as follows:

	<u>Carrying Amount</u>	<u>Bank Balance</u>
Demand and savings deposits	\$ <u>2,453,133</u>	\$ <u>2,469,533</u>
Covered by FDIC insurance		\$ 693,065
Pledged collateral		<u>1,776,468</u>
Total deposits		\$ <u>2,469,533</u>

**Note 3. Related Party Transactions**

**Contractual Services** - The County has engaged WCIDA to foster and encourage the location and/or expansion of industrial or manufacturing plants in the County. The 2015 Wayne County budget appropriated \$318,400 for WCIDA for contractual services, which was paid through quarterly installments. The County also has appropriated funding to WCIDA for business retention and attraction projects in the amount of \$162,925 during the year ended December 31, 2015.

At December 31, 2015, no outstanding amounts were owed by the County.

At December 31, 2015, \$27,735 is due back to the County for unused funds.

**Agency Fees** - Agency fees, resulting from the establishment of PILOT agreements, amounted to \$9,000 for the year ended December 31, 2015.

**Related Entities** - The Agency is related through common management and Board of Directors membership with Wayne Economic Development Corporation (WEDC) and Wayne Industrial Sustainability Development Corporation (WISDC) and through common management with Wayne County Civic Facility Development Corporation (WCFDC), which also promote economic development in the County.

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**

**Note 4. Revolving Loan Funds**

A common function of WCIDA is to administer revolving loan funds for the purpose of fostering economic development. The source of funds to finance the loan payment may be from state, federal, or private grants or from funds of WCIDA itself. Whether the loan funds are restricted by a grant agreement or funded from WCIDA monies, they are established directly from net position and reported as a reservation of net position. Thus, grants received from outside sources which will be used to make loans from a revolving fund are recorded as a non-operating revenue.

Loans to commercial enterprises and principal repayments are not recorded through revenue and expenses. Any interest income is restricted to making future loans and is credited to revenues and closed to the restricted net position.

Total revolving loans receivable from various commercial enterprises as of December 31, 2015 were \$1,766,653. The loans have an associated allowance for loan losses of \$97,811 resulting in net loans receivable of \$1,668,842.

At December 31, 2015, total interest receivable due on revolving loans amounted to \$10,617. In addition, at December 31, 2015, total loans included in the revolving loan funds on a non-accrual status amounted to approximately \$53,465. Interest on these loans is recorded when paid to WCIDA. At December 31, 2015 interest not received or recorded amounted to \$4,487.

**Note 5. Property and Equipment**

Property and equipment consists of the following at December 31, 2015:

<b>Operating Fund</b>	
Land	\$ 400,238
Equipment	19,542
Work in progress	<u>6,000</u>
Sub-total	425,780
Less - accumulated depreciation	<u>(14,472)</u>
Property and equipment - net	<u>\$ 411,308</u>

**Note 6. Industrial Revenue Bonds**

WCIDA has entered into the following conduit financing arrangements where the primary function of WCIDA was to arrange financing through the issuance of Industrial Revenue Bonds between the companies identified below and the bond holders. As conduit financing arrangements, the assets and liabilities resulting from the transactions are not recorded in these financial statements.

Although not part of the accounting system, New York State statute requires disclosure of these transactions as follows:

<u>Company</u>	<u>Date of Issuance</u>	<u>Date of Maturity</u>	<u>Outstanding End of Year</u>
Seneca Foods Corporation	1992	2017	\$ <u>5,060,000</u>

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**  
**Notes to Financial Statements**

---

**Note 7. Payments in Lieu of Taxes (PILOT's)**

A significant inducement in WCIDA projects is exemption from real property, sales, and mortgage taxes. By law, all property titled to WCIDA is exempt from these taxes. In practice, however, payments in lieu of taxes (PILOT's) are often negotiated with the private developer. PILOT's may represent full or partial remuneration to one or more of the real property tax jurisdictions involved.

WCIDA is responsible for tracking all PILOT payments whether made by WCIDA in connection with property it owns or made directly to the taxing authorities by the organizations participating in the program. A total of 47 organizations participated in the PILOT's program and \$1,740,866 in payments were administered by WCIDA for the year ended December 31, 2015. The PILOT payments are not recorded on the financial statements.

**Note 8. Employee Benefit Plan**

**Plan Description and Funding Policy**

The Agency participates in the New York State and Local Employees' Retirement System (ERS). This is a cost-sharing multiple-employer defined benefit retirement system. The System provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided, may be found at [www.osc.state.ny.us/retire/publications/index.php](http://www.osc.state.ny.us/retire/publications/index.php) or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

The System is noncontributory except for employees who joined after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 who generally contribute 3.0 to 3.5 percent of their salary for their entire length of service. In addition, employee contribution rates under ERS tier VI vary based on a sliding salary scale. The Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31.

Contributions for the current year and two preceding years were equal to 100 percent of the contributions required, and were as follows:

2015	\$	17,033
2014	\$	36,704
2013	\$	51,604

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At December 31, 2015, the Agency reported the following liability for its proportionate share of the net pension liability for the System. The net pension liability was measured as of March 31, 2015. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation. The Agency's proportion of the net pension liability was based on a projection of the Agency's long-term share of contributions to the System relative to the projected contributions of all participating members, actuarially determined. This information was provided by the ERS System in reports provided to the Agency.

Actuarial valuation date	4/1/2014
Net pension liability	\$ 9,915
Agency's portion of the Plan's total net pension liability	0.0002935 %

For the year ended December 31, 2015, the Agency's recognized pension expense of \$13,442. At December 31, 2015 the Agency's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
<b><u>2015</u></b>		
Differences between expected and actual experience	\$ 317	\$ -
Net difference between projected and actual investment earnings on pension plan investments	1,722	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	17,874	-
Employer contributions subsequent to the measurement date	<u>21,951</u>	<u>-</u>
Total	<u>\$ 41,864</u>	<u>\$ -</u>

Agency contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

For the fiscal year ended:	
2016	\$ 4,978
2017	\$ 4,978
2018	\$ 4,978
2019	\$ 4,979

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**  
**Notes to Financial Statements**

---

*Actuarial Assumptions*

The total pension liability as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

Significant actuarial assumptions used in the valuations were as follows:

Measurement date	3/31/2015
Actuarial valuation date	4/1/2014
Interest rate	7.5%
Salary scale	4.9% average
Inflation	2.7%
Decrement table	Society of Actuaries Scale MP-2014 April 1, 2005 - March 31, 2010 System's Experience

Annuitant mortality rates are based on April 1, 2005 – March 31, 2010 System's experience with adjustments for mortality improvements based on MP-2014. The actuarial assumptions used in the April 1, 2014 valuation are based on the results of an actuarial experience study for the period April 1, 2005 – March 31, 2010.

The long term rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by each the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation are summarized below:

<u>Asset Type</u>	<u>Long Term Expected Real Rate</u>
Domestic equity	7.3 %
International equity	8.6
Private equity	11.0
Real estate	8.3
Absolute return strategies	6.8
Opportunistic portfolio	8.6
Real assets	8.7
Bonds and mortgages	4.0
Cash	2.3
Inflation-indexed bonds	4.0

*Discount Rate*

The discount rate used to calculate the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**WAYNE COUNTY INDUSTRIAL DEVELOPMENT AGENCY**  
**Notes to Financial Statements**

---

*Sensitivity of the proportionate share of the net pension liability to changes in the discount rate assumption*

The following presents the Agency's proportionate share of the net pension liability calculated using the discount rate of 7.5% per annum (the "current rate"), as well as what the Agency's proportionate share of the net position liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5%) or 1% point higher (8.5%) than the current rate:

	<b>1% Decrease (6.5%)</b>	<b>Current Assumption (7.5%)</b>	<b>1% Increase (8.5%)</b>
Wayne County Industrial Development Agency's proportionate share of the Net Pension Liability	\$ 66,094	\$ 9,915	\$ (37,512)

*Pension Plan Fiduciary Net Position*

The components of the current year net pension liability of the employers as of valuation date was as follows:

Valuation date	4/1/2014
Employers' total pension liability	\$ 164,591,504,000
Plan net position	<u>(161,213,259,000)</u>
Employers' net pension liability	<u>\$ 3,378,245,000</u>

Ratio of plan net position to the employers' total pension liability	97.9 %
--	--------

**Note 9. Budget Comparison**

The following is a comparison of budgeted expenditures to actual expenditures for the year ended December 31, 2015:

	<b><u>Budget</u></b>	<b><u>Actual</u></b>	<b><u>Difference</u></b>
Program/contractual services/other	\$ 326,020	\$ 361,117	\$ (35,097)
Salaries	140,000	136,369	3,631
Employee benefits	75,680	45,639	30,041
Depreciation	1,400	1,966	(566)
Occupancy	<u>7,850</u>	<u>7,130</u>	<u>720</u>
Total	<u>\$ 550,950</u>	<u>\$ 552,221</u>	<u>\$ (1,271)</u>

The major variance to the budget during 2015 was in the area of program and contractual expenses in the amount of \$35,097. This was due primarily to more than anticipated funding of infrastructure and capacity building projects during the year.

**Note 10. Restatement of Net Position**

For the year ended December 31, 2015, the Agency implemented GASB Statement No. 68 *Accounting and Financial Reporting for Pensions – An Amendment to GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - An Amendment of GASB Statement No. 68*. The implementation of Statement No. 68 resulted in the reporting of a deferred outflow of resources and liability related to the Agency's participation in the New York State Employees' retirement systems. The Agency's net position has been restated as follows:

Net position beginning of year - as previously stated	\$ 1,060,254

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors  
Wayne County Industrial Development Agency  
Lyons, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Wayne County Industrial Development Agency as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Wayne County Industrial Development Agency's basic financial statements, and have issued our report thereon dated March 25, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Wayne County Industrial Development Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wayne County Industrial Development Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of Wayne County Industrial Development Agency's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Wayne County Industrial Development Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
